Welcome to Hout Bay Vineyards

Picturesque Hout Bay has long been known as a preferred tourist destination. More recently it added yet another jewel to its crown ... Hout Bay Vineyards! Nestled high on its rocky mountain slopes, Cathy and Peter established this boutique wine cellar in 2001. Since their maiden vintage three years later, they have been producing delicious handcrafted wines. Their dedication ensures that each bottle is individually nurtured to produce the lasting quality one can only achieve with that personal touch. From uniquely planted vineyards, hand-picked Chardonnay and Pinot Noir grapes guarantee that only the best product is used for a crisp, top quality Cap Classique, made in the strictest French tradition!

Although bubbly is what started the adventure, Hout Bay Vineyards also produce a range of other wines which include a full-bodied red and a crispy Sauvignon Blanc, so characteristic of the Cape Peninsula, and a delicate light 'blush' rosé.

Their wines are available on open days, every last Saturday in May and November. Friends and the public are welcome to picnic on the lawn or just laze under the blue gums whilst stocking up for Christmas or those cold Cape winter evenings.
